

Roll Sushi Cutter Model TK-2

ROLL-CUT

Cutting Roll at 3 Seconds

Effectively, evenly and properly, our “Roll Sushi Cutters” make cut a Roll Sushi.

High Productivity of “Roll Sushi Cutter”:

You can cut at a once 3 Rolls of Thin Roll Sushi and/or 2 Rolls of Medium Roll.
It can be possible to cut 700 Rolls per an hour.

Availability of “Roll Sushi Cutter”:

It can be possible to cut among Rolls including Reverse Side Roll Sushi.

Availability of Sizes of Cutter:

There are 6, 8, 9, and 10 pieces per Roll.

Durability of Blades:

As all Blades cut through Rolls, they always sharp and last long.

Nonstick Blades and the Cutting Table Unit:

As they are made of Teflon resin, any rice does not to stick to them.

Safety Function and Operation:

- ① Before starting, all Blades are safely covered with the Cutting Frame Unit.
- ② After starting, the human power safely catch a grip by hands and then put it down.

Two (2) Units of “Roll Sushi Cutter”:

There are both the Cutting Table Unit and Cutting Frame Unit. * Please refer to “Option”.

Storages:

The Cutting Table and Cutting Frame Units are stored into the Body of “Roll Sushi Cutter”.

Safety, Sanitary and Simplicity:

The main Body is compact and made of Stainless Steel #304.

Maintenance:

Easy wash and clean.
